### CLASSIC

The Classic is our original and most comprehensive package. With the Classic package everything is done for you, from getting to resort to collecting your season pass and even an In Resort Host all season to help you out, guide you on the mountain and make your season the best it can be. Staying in our shared accommodation properties skiing buddies are plentiful.

All Classic packages are 12 weeks long (3 months), making it possible for everyone to do a season, as companies are more willing to give sabbaticals of this length, it fits perfectly into a gap year and is just the right length so the spending money required isn't too much. The Classic package ingredients are the same in each resort so you know just what to expect. It is for these reasons that we have people coming back year after year. They book their season early and then get on with saving and living their lives during the off-season, and leave all the organisation up to us, no long distance phone calls, foreign languages..
